

GLEANINGS
FROM THE
GLADES
Treasured Out In Belle Glade

BY PHIL CLARKE

GROWING UP
As the community it represents, the Belle Glade News is spreading out and taking in a large bite of solid Florida territory. Radio station WQAM, in cooperation with the News, has been broadcasting the great possibilities and future of this community of ours in a short weekly program every Saturday night at 8:15 p.m. Then between 7:15 and 7:45 p.m. on weekdays, there will be short commercial announcements advertising the Belle Glade News as an important source of information about our growing, promising community.

There is also a weekly paper you can get and a new "Picture Purse" being sponsored by the Gleaner. You might be snared unwares some day by the Gleaner's advertisements, thinking you know — your likeness, or a reasonable facsimile thereof, will appear prominently in the Belle Glade News Bulletin Board. And in case you haven't seen it yet, we would suggest that you take a stroll or ride down to this "sweet side" of Belle Glade and view this most recent "brain child" of the Gleaner. Of course, suggestions for improvement will be most thankful received.

CATTLE AGAIN

Those farmers who are prone to grow because of the killing frost a couple of weeks ago, and to plant over again too soon, would do well to look into the possibilities of the cattle industry in this region.

True, the industry probably has a number of important drawbacks, but, if you have time, surely you'll agree that the raising, packing and shipping of beef have their lesser points. So give the infant venture a thought for further development — it's worth a good deal.

DEFINITION OF A JOB

The job of a country editor, or any newspaper man for that case, should be to know a lot about everyone and everything besides a little about his own. (Maybe this is the reason newspaper men are generally considered nuisances.) You all know your own business, but, you don't know everyone else's business — so that's why you read the paper! "Nuff sed!"

THOUGHTS WHILE THINKING

Wouldn't everyone want to — you can actually drive the full length of Avenue "A" without ever one dog, chasing a pedestrian to the curb or having single horn blow?

With I'd had a bit of John Michael's "red snapper." Biggest fish I ever saw including the one I dreamt I caught and still swear that I actually did. . . . A certain Billie, who was a real fan of the sport, that of returning those "no postage necessary" order blank cards with nothing checked thereon. Why? Because then the blind high pressure salesman will have high pressure salesmen for collection of past due accounts submitted by members.

The directors heard a report by H. C. Gardner, active secretary of the bureau, who stated that all checks were cashed at a slow and steady pace, hampered somewhat, he believed, by the current economic condition. Full-time paid members with one or more shares of stock in the bureau were followed on Tuesday of this week.

Belle Glade News
On The Air

The Belle Glade News is the

sound strange but it's entirely true. Radio station WQAM, Miami, will broadcast more important excerpts from the Belle Glade News beginning tomorrow night at 8:15 p.m. and every Saturday night thereafter.

Efforts will be made to present the importance to this community and to further promote

the welfare of residents of Miami and the rest of the North will take note of the items broadcast and further investigate the many opportunities for investment and home-making in our community.

In addition, we expect next Monday morning between 7:15 and 7:45, short commercial announcements advertising the Belle Glade

(Continued on Page Four).

**Charter Night Set
For Wednesday Eve
By The Lions Club**

**District Governor Will Be
Present and Pre-
sent Charter**

A large crowd of guests and members of the Belle Glade Lions Club are expected to make next Wednesday evening, February 8, a memorable date in the history of the newly formed Lions Club of Belle Glade as well as an opportunity for the community and their families are expected to make the event a gala as well as a memorable one.

Festivities and ceremonies will commence at 7:30 p.m. at the American Legion Hall in Belle Glade. Guests, press and addresses made by various organization officials. Dale Jones, member of the Miami Lions Club, will be visiting Master of Ceremonies and F. T. Boyd will give the invocation on behalf of the West Palm Beach Lions Club, sponsor of the Belle Glade organization.

Joseph Tarantino, district governor of the Lions organization, will present the charter to the Charter and Lions Club, Nasch, president of the Belle Glade Lions Club, will accept the same behalf of the local club. R. W. Blake, visiting "Tailfin" from the West Palm Beach Club, will lead group singing. Other entertainers will be presented.

The presentation will be Joseph Tarantino, Charter and Lions Club, will be kept in constant circulation. By manipulation of the pump and bulkheads it is expected that water in the drainage ditches will first be directed in one direction and then, after about twenty-five feet below water level. Three dynamite drills are being bored on each side of the canal bottom and each batch loose rock for a distance of about 100 feet. The largest stones of mud are being placed on the rock dredge where two cranes are used to remove the loose rock material from the canal bed, about twenty-five feet below water level.

It is expected that the ground water table will be kept down to a minimum so that the water will be kept in constant circulation by these newly adopted methods. By manipulation of the pump and bulkheads it is expected that water in the drainage ditches will first be directed in one direction and then, after about twenty-five feet below water level.

Favorable results from the tests will lead to carrying out of the plan in other canals.

**Fire Control Dist.
To Help Town Clean
All of Vacant Lots**

**Saturday Is Day Set Aside
To Remove Fire
Hazards**

Major Arthur Wells reported to the council Wednesday night that the fire control department had offered to burn off remaining dry grass and brush in vacant lots within the city limits.

Mary Wells said that W. M. Stafford, chief of the Fire Control District, had agreed to help co-operate with local firemen in removing the extreme hazard of fire.

An ordinance was adopted on first reading providing for cooperation by city officials and citizens in the burning off of vacant property by the Fire Control District.

Mr. Wells, Belle Glade fire marshal, agreed to render all necessary aid to the District and to check and prevent possible brush fires that might start from the burning.

Mr. Wells, a herd of ordinary range cows and a few selected Brahman, Devon and Black Poll bulls. Although the herd is grazing on sand land, a rather dry soil, Mr. Tucker strongly believes that cattle raising in the Everglades muck is one of the promising industries of the region. The cattle are now grazing on Mr. Tucker's range which includes approximately 11,000 acres of fenced pasture.

Mr. Tucker reports that his herd is fattening up well and is apparently free of disease. Although market prices of the few head he has so far brought in good profit, Mr. Tucker cautions should be exercised by everyone in the Everglades.

The directors heard a report by G. H. Gardner, active secretary of the bureau, who stated that all checks were cashed at a slow and steady pace, hampered somewhat, he believed, by the current economic condition.

Full-time paid members with one or more shares of stock in the bureau were followed on Tuesday of this week.

L. C. Betzner, L. E. Will, M. Louis Salmons, Belle Glade lumber Company, Glades Equipment Company, Kilgore Seed Company, A. E. Kellum, C. D. Dugay, W. L. Lamberts, J. F. McClure, Jr., K. E. Lutz, Hector Supply Company, Boer's Automotive Service, Arthur Well's Store, D. G. Alton, Clewiston Supply Company, Everglades Land Company, H. E. Jones, Frank B. H. Markey, H. E. Jones, H. H. Store, Thomas & Barrett, C. L. Redmer, R. K. Harris, Ivan L. Van

ways present.

**DENTAL CLINIC TO
MEET ON TUESDAY**

Officials of the Underprivileged Children's Dental Clinic, yesterday, last — announced that the meeting will be held next Tuesday night in the school auditorium at Pahokee. The time of the meeting has been set for 7 p.m. All members of the clinic committee are invited to the present some important business matters will come up for discussion.

**Sugar Company To
Aerate Water From
Drainage Canals**

**To Determine Whether It
Is Advantageous
To Crops**

The United States Sugar Corporation began irrigation tests this week to determine whether constant circulation and aeration of water in drainage ditches is advantageous to crops grown on adjacent fields.

The corporation has converted the asparagus farm east of South Bay into the experimental field and has installed a Cough pump, connecting bulkheads, adjacent to the main drainage ditch. The pipe drains so that alternate moles at eight-mile intervals cut the main drainage ditch on one side of the field and block off before reaching the opposite side.

The latter operation forces water to circulate in one mole to drain and the opposite direction in the next.

It is expected that the ground water table will be kept down to a minimum so that the water will be kept in constant circulation by these newly adopted methods.

Other experiments will be conducted by the corporation.

Mr. Tarantino will make the presentation of the Charter and Lions Club, Nasch, president of the Belle Glade Lions Club, will accept the same behalf of the local club. R. W. Blake, visiting "Tailfin" from the West Palm Beach Club, sponsor of the Belle Glade organization.

GLEANINGS
FROM THE
GLADES
Threshed Out In Belle Glade
BY PHIL CLARKE

GROWING UP—

Not to be outdistanced by its community in spreading the Belle Glade News is spreading and taking in a large bite of solid Florida territory. Radio station WQAM, in cooperation with the News, will commence broadcasting the great news and future of this community of ours in a short weekly program every Saturday night at 8:15 p.m. Then, too, between 7:15 and 7:45 a.m., on Mondays, Wednesdays and Fridays, our own car-travel commercial announcements advertising the Belle Glade News as an important source of information about our growing, promising community.

For those who like our week's paper you can enter now a "Picture Puzzle" contest being sponsored by the News. You might be surprised to learn some day by the Gleamer himself and may think you know your likeability, or a reasonable facsimile thereof, will appear prominently on the Belle Glade News Bulletin Board. The Gleamer has seen the board yet, and would suggest that you take a stroll or ride down to this "west side" of Belle Glade and view this most recent "brain child" of the Gleamer. Of course, suggestions for improvement will be most thankfuly received.

CATTLE AGAIN—

These farmers who are prone to grow because of the darning free, as we say, two years ago and to mow over the much too dry season would do well to "look into" the possibilities of the cattle industry in this region.

True, the cattle probably have a number of important "drawbacks", but what industry hasn't? Surely you'll agree that the raising, packing and shipping of beans have their lessons, too. So why not give the infant venture a broad path for further development? Certainly it's worth a good fair trial.

DEFINITION OF A JORN—

The job of a country editor, or any newspaper man for that case, should be to know a lot about everyone else's business besides a little about his own. (Maybe that's why the newspaper men are generally considered misfits.) You all know your own business, or you should know it, but you don't always know everyone else's business—so that's why you read the paper! "Nuff said!"

THOUGHTS WHILE THINKING—

Wonder where everyone went... you can actually see the full length of a seven "A" with a single horn blare your name into an unbroken submission. I'd be surprised if John Michael's "I'm snapper" wasn't the catch of the day. What fish I ever saw including the one I dreamt I caught and still swear that I actually did... A certain Belle Gladian revealed his "pet" secret to me recently: "Buy a copy of the paper necessary" order blank cards with nothing checked thereon. Why? Because then the blamed high pressured salesmen will have to pay the return postage. I could have traded card some day... Louis Salomone wrote me for Saturday, and it cost me only 25¢.

**Charter Night Set
For Wednesday Eve
By The Lions Club**

District Governor Will Be
Present and Pre-
sent Charter

A large crowd of guests and officials of the Belle Glade Lions Club are expected to make next Wednesday evening, February 8, a memorable date in the history of the newly formed Lions Club of Belle Glade as well as an annual date of community affairs. Judge Tarantino, district governor of the Lions organization, will present the charter to the officers and members of the club and visiting dignitaries and their families are expected to make the event a gala as well as an memorable one.

Festivities and ceremonies will commence at 7:30 p.m. at the American Legion Hall in Belle Glade. Guests, including wives and addresses made by various organization officials, Duke Jones, member of the Miami Lions Club, will be visiting. Master of Ceremonies, F. T. Boyd, will preside. The address will be made by the new club chairman, Mr. George L. Conklin, sponsor of the Belle Glade organization.

Joseph Tarantino will make the presentation of the Charter and Larry Jones, president of the Belle Glade Lions Club, will accept on behalf of the local club. R. W. Blake, visiting "Tailtwister" from the West Palm Beach Club will lead group singing. Other entertainers will be invited to complete the evenings proceedings.

Charter delivery officials for the occasion will be Joseph Tarantino, F. T. Boyd, mayor of Belle Glade and Millard B. Conklin, honoree guest from Daytona Beach. All are members of the International Board of Directors of the Lions.

General chairman of the Charter Delivery function for the local club is B. F. Fears, F. T. Boyd is program chairman, J. W. Wilson, public relations chairman, and Mrs. E. F. Fears, wife of F. T. Boyd, is decoration chairman.

Officers of the newly-formed Belle Glade Club are: L. H. Nash, president; William Pierce, L. H. Stanford, first vice-president; J. W. Wilson, secretary-treasurer; F. A. LeFis, tail twister and W. R. Dickenson, lion tamer. Other directors include Frank H. Hause, Mr. Biedel.

Charter members, invited to the already mentioned, include E. T. Boyd, B. F. Fears, Ralph Kirk, John Michael, Harry Peters, William Pierce, J. H. Whittier.

**Fire Control Dist.
To Help Town Clean
All of Vacant Lots**

Saturday Is Day Set Aside
To Remove Fire
Hazards

Officers of the newly-formed Belle Glade Club are: L. H. Nash, president; William Pierce, L. H. Stanford, first vice-president; J. W. Wilson, secretary-treasurer; F. A. LeFis, tail twister and W. R. Dickenson, lion tamer. Other directors include Frank H. Hause, Mr. Biedel.

Charter members, invited to the already mentioned, include E. T. Boyd, B. F. Fears, Ralph Kirk, John Michael, Harry Peters, William Pierce, J. H. Whittier.

**42 Firms Join The
New Credit Bureau
Formed In Glades**

Directors In Meeting Hear
Report of Gardner,
Secretary

Directors of the month old Everglades Credit Bureau met at the Everglades Hotel in the Theatre Building on Tuesday night to discuss such matters as service rates for information supplied to individuals or companies outside the bureau's membership.

Mr. Gardner, secretary, reported that collection of past due accounts should be exercised by everyone in the Everglades, citing the statement by the Everglades Experiment Station that this year was the best season on record for the cattle.

Mr. Gardner also suggested that the bureau, which is doing a steady and steady pace, handled somewhat, he believed, by the current economic condition.

Full-time paid members with one or more shares of stock in the bureau will follow on Tuesday of this week:

L. C. Betzner, L. E. Wili, M. Louise Lampton, F. C. Denali, Arthur Wells Lumber Company, J. McFerrin, Jr., C. E. Lutz, Heester Supply Company, Boe's Automotive Service, Arthur Well's Lumber Company, L. C. Betzner, L. E. Wili, M. Louise Lampton, F. C. Denali, Arthur Wells Lumber Company, H. Henry County Motors, L. C. Betzner, W. A. Stager, Homestead Baker, Royal Lumber Company, H. D. Duff, Frank Bass, Chandler's, M. D. Parker, R. H. Store, Thomas & Barrett, C. L. Hendry, K. R. Harris, Ivan L. Van

**Belle Glade News
Goes On The Air**

The Belle Glade News is on the air.

Sounds strange but it's entirely true. Radio station WQAM, Miami, will broadcast more important excerpts from the Belle Glade News, beginning tonight, Friday at 8:15 p.m. and every Saturday night at that time thereafter.

Efforts will be made to present news of importance to this community and to broadcast items of interest to the people of the Everglades. It is our hope that residents of Miami and visitors from the North will take note of the items broadcast and further increase the many opportunities for information and home-making in our community.

In addition, beginning next Monday morning between 7:15 and 7:45, short commercial announcements advertising the Belle Glade (Continued on Page Four)

News will be made available to the public through the radio stations of the Belle Glade News.

**DENTAL CLINIC TO
MEET ON TUESDAY**

Officials of the Underprivileged Children's Dental Clinic stated yesterday that an important meeting will be held Tuesday evening at the school adult day center at Pahokee. The time of the meeting has been set for 7 p.m. All members of the clinic committee are urged to be present since some important business matters will come up for discussion.

**Sugar Company To
Aerate Water From
Drainage Canals**

To Determine Whether It
Is Advantageous
To Crops

The United States Sugar Corporation began irrigation tests this week to determine whether constant circulation and aeration of water in drainage ditches is advantageous to crops grown on adjacent land.

The corporation has converted the asparagus farm east of South Bay into the experimental field and has installed a Couch pump, connecting headworks, adjacent to the canal system.

The dumper dredge is employing three shifts of men daily and is widening and scooping out large quantities of loose mud from the canal.

Morrow Speaks To Woman's Club

State Representative Russell O. Morrow was guest speaker at the regular meeting of the Belle Glade Woman's Club on Wednesday afternoon. He was introduced by Dr. Herbert Beck, chairman of the program committee.

His topic, "State Government As It Affects Our Lives" included brief explanations of the legal status of married women, the Murphy Act, registration laws, incorporation of corporations and state machine laws.

During the business sessions, Mrs. Jameson presided, while Mrs. Ralph French, chairman of the finance committee submitted an estimate of approximately \$124.00 to finish the kitchen. It was decided to withhold action on this until additional funds can be received.

Mr. and Mrs. J. O. Jameson, accompanied by Mr. and Mrs. M. L. Alspaugh, attended services Saturday morning at the First Temple M. E. Church in Miami. Rev. Willsey spent Wednesday at Indian Town.

Hugh J. Bratley and sister, Mrs. Leon Dufur, drove to the Boca Tower at Lake Wales Sunday. They were there for their guests, Mrs. and Mrs. C. E. Carson.

Miss Elizabeth Jameson studied at Stetson University, is visiting her parents for several days.

Mrs. H. E. Wedgeworth, daughter of Helen and C. P. Springer, were in West Palm Beach on business, Sunday.

Dr. J. R. Neller and Rev. Jameson attended the Court of Honor of the Boy Scouts in Pahokee, Monday night.

Troop 1 of the Girl Scouts met at the Community Church Tuesday night. Those who went were Mrs. E. E. East, Mrs. Betty Basley in charge. Discussions on the latest movies were heard by the girls. Mary Jameson led a discussion on "Our faults and how we may overcome them" which was well received.

During the social hour, refreshments were served by the hostesses, Mrs. George Tedder, Mrs. Frank Howard and Mrs. Gordon Hamilton.

Among those present were Mrs. L. W. Bartlett, Mrs. Roscoe Madson, Mrs. W. E. Riedel, Mrs. W. B. Granger, Mrs. William Hill, Mrs. Ralph Kidder, Mrs. Walter Hooker, Mrs. S. A. Roberts, Mrs. M. L. Alspaugh, Mrs. F. D. Stiles, Mrs. M. H. Nelson, Mrs. A. Stoltzenberg, Mrs. John Wilson, Mrs. Henry Collins, Mrs. Phil Clarke, Mrs. E. L. Hamilton, Mrs. Robert Bass, Mrs. B. L. May and Mrs. G. W. Crews.

Belle Glade News

Continued from Page 1
News will be heard over WQAM and continued every Monday, Wednesday and Friday thereafter.

All of this is but a part of the program here to help the Belle Glade News to advertise and spread the virtues of this thriving, growing community.

Don't forget to turn your radio dial to 1140 for the town announcements — shown every Monday, Wednesday and Friday, between 7:15 and 7:45 and every Saturday night at 8:15 p.m. for important excerpts from the Belle Glade News.

Sanitary Inspector and Police

Chief Frank Howard reported to members of the Belle Glade town council in session Wednesday night that unsanitary conditions had been found in buildings owned by H. H. Hart and located on the Ford property. A total of 25 people were reported as without sanitation facilities, according to Chief Howard, but the owner of the property denied that the poor sanitary arrangements will be made at once.

Property belonging to Bill Pierce and occupied by one family is in the north portion of the camp bridge, and reported unsatisfactory sanitary facilities.

Other objections to the presence of numerous small buildings and unsightly automobile parts and junk were also brought up by the councilman. Mr. Pierce agreed to do whatever requested by the council in removing equipment and improving the property but added that the buildings were only temporary. He promised councilmen that plans have been made on construction will soon go forward on a number of well-built residences in that section.

See Yourself As Others See You

You think you know Belle Glade! You're pretty sure you can point out everyone in Belle Glade by name, at least those who have been here so long. But you are at least fairly well known.

Well, you'll have an opportunity to test your knowledge of Belle Glade people and where they live. If you're smart enough at it, you'll win a free ticket to the Everglades Theatre — good for any performance.

Here are the details. At 8 p.m. Friday starting today, picture of some prominent Belle Glade person will be posted on the Belle Glade News "Bulletin Board" in the window of the office in the Rotaract Building.

The picture will be a snap-shot taken in an odd pose and you'll just about have to have a knowledge of yourself to guess their identity.

The first person to guess the correct identity of the individual photographed will be awarded our free ticket, good for any performance to the Everglades Theatre.

Other guests present included: Olaf Bon, Pahokee Rotarian, Sam Bell, Pahokee Rotarian, Bill Schuster, of Richmond, New Orleans and Starke, Fla., guest of Rotarians "Buzz" Granger, and Roy Howell, of Pahokee, High School student from Bok Chitto.

Musical entertainment included a bull frog solo by Bob Creech who roared "Lili" Li'l Jane," much to the amusement of the members and guests.

— L. E. Bartlett, Rotarian and principal of the Belle Glade school, introduced Mr. Johnwick at the opening of the Everglades News and the families will be eligible to compete to compete.

This contest is subject to discontinuance at the discretion of the Belle Glade News.

Mr. J. F. Bremer, news reporter for the newspaper committee recently held with PWA officials in West Palm Beach, with reference to establishing a day nursery here.

During the social hour, refreshments were served by the hostesses, Mrs. George Tedder, Mrs. Frank Howard and Mrs. Gordon Hamilton.

Among those present were Mrs. L. W. Bartlett, Mrs. Roscoe Madson, Mrs. W. E. Riedel, Mrs. W. B. Granger, Mrs. William Hill, Mrs. Ralph Kidder, Mrs. Walter Hooker, Mrs. S. A. Roberts, Mrs. M. L. Alspaugh, Mrs. F. D. Stiles, Mrs. M. H. Nelson, Mrs. A. Stoltzenberg, Mrs. John Wilson, Mrs. Henry Collins, Mrs. Phil Clarke, Mrs. E. L. Hamilton, Mrs. Robert Bass, Mrs. B. L. May and Mrs. G. W. Crews.

But you'd better hustle! See if you can be the first to solve the PICTURE PUZZLE.

Council Studies City's Sanitation

Sanitary inspector and police

Chief Frank Howard reported to members of the Belle Glade town council in session Wednesday night that unsanitary conditions had been found in buildings owned by H. H. Hart and located on the Ford property. A total of 25 people were reported as without sanitation facilities, according to Chief Howard, but the owner of the property denied that the poor sanitary arrangements will be made at once.

Mr. Pierce agreed to do whatever requested by the council in removing equipment and improving the property but added that the buildings were only temporary. He promised councilmen that plans have been made on construction will soon go forward on a number of well-built residences in that section.

SUBMIT NEW CODE

The Belle Glade building code committee submitted to town councilmen a newly drawn construction code covering all buildings in the town, including the building in the community. H. C. Gardner, head of the local carpenter's union, and Peter Muller, Belle Glade contractor, submitted code in behalf of the various organized building trades in Belle Glade.

It is hardly fair to keep a boy

at school, just because his father worked the arithmetic problems wrong.

STATEMENT OF CONDITION OF

Bank Of Pahokee

New License Fees For Luncheonette

Ask That Old Hall Be Given To Club

TO STUDY BOND SALES

H. D. Beck, Belle Glade attorney, has filed suit in the circuit court of Okeechobee county for recovery of revenue to support the city's share of financing the proposed Belle Glade municipal park, to be renamed next spring, according to W. E. Riedel, president of the city council. With the proposal was the statement that the project should not be dropped at any cost. Trucks will be donated by several prominent growers and packers in order to further reduce necessary expense of the project.

An ordinance, revising the occupational license regulations of the town of Belle Glade to include the payment of restaurant license by drug and other stores and by barbers and hairdressers, short-order service has been passed on first reading by members of the council.

Fees to be charged for the year will be the same as that same license was in existence for restaurants.

Stores containing 12 chairs or stools will be charged \$9; 18-20 chairs, \$12.50; 21 to 30 chairs, \$20.50; 31-40 chairs, \$27.50; 41 or more chairs, \$28 and an additional \$5 for each chair above 41.

The ordinance does not include charges for soda fountains but changes on that same subject are to be made in like manner to restaurants.

The Scout and Girl Scout organizations have been considered as well as the city waterworks.

The Scouts are greatly in need of a meeting place and good use could be made of the building by turning it over to the waterworks plant to be used as a tool shed.

It was pointed out by Mrs. Sculien and Mrs. Brownie that as the situation and size of the present library are increasing a great rate, enlarged quarters are necessary.

Mayor Wells stated that the building will be placed "where it

will do the most good," and that all requests would be given thoughtful consideration.

There isn't a fellow in the world who likes to lose, just for the sake of being a good sport.

Thank You Friends!

we're glad so many of you come here to eat . . . that you say our food is so good . . . that you like our large variety and generous helpings — that you appreciate our fair prices.
